STD for SVBurger Web App

Introduction

This document describes the Software Testing Definition - (STD) of SVBurger Web App which contains the sanity test and the suite's test cases which should be performed with a python automated script.

Test Document Name	STD for SVBurger Web App
Version	1.0
Performed By	Ehab Bolos
Last Update By	Ehab Bolos
Last Update Date	January 03, 2024
Platform	macOS-14.2.1-x86_64-i386-64bit

Prerequisites
Saved user to use - Email → svburger_web@gmail.com Password → 123456A
Google Chrome
PyCharm program
Python with the version 3+
Selenium, Pluggy & Pytest plugins
HTML 4+ & Metadata 3 plugins

Sanity		
Steps	Action	Expected Result
1	Open the link https://svburger1.co.il/#/HomePage in Google Chrome	The SVBurger home page opens on the Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label "Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.
2	Click on the "Sign In" button	The signing in page will open with the header "SVBurger" in the middle of the first row, below it we have the sign in form which contains the email textbox, the password textbox, "Forgot Password?" link and the "Sign in" button. And below this form we have the SVBURGER WEATHER from.
3	Fill the textbox with the text "Enter your email" with the email: svburger_web@gmail.com	The email svburger_web@gmail.com will appear in the textbox with the text "Enter your email".
4	Fill the textbox with the text "Enter your password" with the password: 123456A	In the textbox with the text "Enter your password" a **7x** ● will appear.
5	Click on the "Sign in" button	The SVBurger menu opens with the 5 meals: - Combo Meal - Kids Meal - Burger - Vegan - Sides For each meal we will have a card which contains the meal description and the meal image and the price. Below the meals we have two buttons, a clickable "Log out" button and non-clickable "Reserve" button and below them we have the SVBURGER WEATHER form.
6	Click on "Combo Meal" card	The background of the "Combo Meal" card changes to blue and the "Reserve" button changes to clickable.

Sanity		
Steps	Action	Expected Result
7	Click on the "Reserve" button	The SVBurger Summary modal pops up with the fields: - Product / Quantity With the Combo Meal and the quantity 1 - The price 59 - The Subtotal price: 59$ - Service: 5.9$ - The Total price: 64.9$ - The Coupon No. label and textbox with the "XXX" text - The table No. with the default value 1 - The button "Send" - The Button "Back To Menu"
8	Click on the "Send" button	The order will be sent and the modal will change to a new one with the text: "Your order has been successfully received", the Total price, the Table No and below those elements we will have the text: "Your order will arrive to your table in …" and below this text we will have a countdown timer which start from 10 minutes and below it we will have a "Cancel" button.

Suite 1 - Signing Up		
Steps	Action	Expected Result
1.1	Func. → Register with an Hotmail mail	
1.1.1	Open the link https://svburger1.co.il/#/HomePage in Google Chrome	The SVBurger home page opens on the Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label "Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.
1.1.2	Click on the "Sign Up" button	The registering page open with the header "SVBurger" in the middle of the first row, a registering form which contains the fields: - "Type your first name" textbox - "Type your last name" textbox - "Enter your email" textbox - "Create Password" textbox - "Confirm Password" textbox - "Sign Up" button And below this form we will have the SVBURGER WEATHER from.
1.1.3	In the "Type your first name" textbox enter the string: "aaaaaa"	The text "aaaaaa" appears in the "Type your first name" textbox
1.1.4	In the "Type your last name" textbox enter the string: "aaaaaa"	The text "aaaaaa" appears in the "Type your last name" textbox
1.1.5	In the "Enter your email" textbox enter the email: svburger_web100@hotmail.com	The email svburger_web100@hotmail.com will appear in the textbox with the text "Enter your email" textbox.
1.1.6	In the "Create Password" textbox enter the string: "123456A"	In the textbox with the text "Create Password" a **7x**● will appear.
1.1.7	In the "Confirm Password" textbox enter the string: "123456A"	In the textbox with the text "Confirm Password" a **7x**● will appear.
1.1.8	Click on the "Sign Up" button	The SVBurger menu opens with the 5 meals: - Combo Meal - Kids Meal - Burger - Vegan - Sides

Steps	Action	Expected Result
2.1	Func. → Login with an Hotmail mail	
2.1.1	Open the link https://svburger1.co.il/#/HomePage in Google Chrome	The SVBurger home page opens on the Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label "Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.
2.1.2	Click on the "Sign In" button	The signing in page will open with the header "SVBurger" in the middle of the first row, below it we have the sign in form which contains the email textbox, the password textbox, "Forgot Password?" link and the "Sign in" button. And below this form we have the SVBURGER WEATHER from.
2.1.3	Fill the textbox with the text "Enter your email" with the email: svburger_web@hotmail.com	The email svburger_web@hotmail.com will appear in the textbox with the text "Enter your email".
2.1.4	Fill the textbox with the text "Enter your password" with the password: 123456A	In the textbox with the text "Enter your password" a **7x**⚫ will appear.
2.1.5	Click on the "Sign in" button	The SVBurger menu opens with the 5 meals: - Combo Meal - Kids Meal - Burger - Vegan - Sides For each meal we will have a card which contains the meal description and the meal image and the price. Below the meals we have two buttons, a clickable "Log out" button and non-clickable "Reserve" button and below them we have the SVBURGER WEATHER form.
2.2	Func. → Login with an Outlook mail	
2.2.1	Open the link	The SVBurger home page opens on the

		https://svburger1.co.il/#/HomePage in Google Chrome	Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label "Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.
2.2.2		Click on the "Sign In" button	The signing in page will open with the header "SVBurger" in the middle of the first row, below it we have the sign in form which contains the email textbox, the password textbox, "Forgot Password?" link and the "Sign in" button. And below this form we have the SVBURGER WEATHER from.
2.2.3		Fill the textbox with the text "Enter your email" with the email: svburger_web@outlook.com	The email svburger_web@outlook.com will appear in the textbox with the text "Enter your email".
2.2.4		Fill the textbox with the text "Enter your password" with the password: 123456A	In the textbox with the text "Enter your password" a **7x** ⬤ will appear.
2.2.5		Click on the "Sign in" button	The SVBurger menu opens with the 5 meals: - Combo Meal - Kids Meal - Burger - Vegan - Sides For each meal we will have a card which contains the meal description and the meal image and the price. Below the meals we have two buttons, a clickable "Log out" button and non-clickable "Reserve" button and below them we have the SVBURGER WEATHER form.
2.3		Func. → Login with an Walla mail	
2.3.1		Open the link https://svburger1.co.il/#/HomePage in Google Chrome	The SVBurger home page opens on the Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label

			"Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.
	2.3.2	Click on the "Sign In" button	The signing in page will open with the header "SVBurger'' in the middle of the first row, below it we have the sign in form which contains the email textbox, the password textbox, "Forgot Password?" link and the "Sign in'' button. And below this form we have the SVBURGER WEATHER from.
	2.3.3	Fill the textbox with the text "Enter your email" with the email: svburger_web@walla.com	The email svburger_web@walla.com will appear in the textbox with the text "Enter your email".
	2.3.4	Fill the textbox with the text "Enter your password" with the password: 123456A	In the textbox with the text "Enter your password" a **7x** ⬤ will appear.
	2.3.5	Click on the "Sign in" button	The SVBurger menu opens with the 5 meals: - Combo Meal - Kids Meal - Burger - Vegan - Sides For each meal we will have a card which contains the meal description and the meal image and the price. Below the meals we have two buttons, a clickable "Log out" button and non-clickable "Reserve" button and below them we have the SVBURGER WEATHER form.
	2.4	Func. → Login with 8 characters password	
	2.4.1	Open the link https://svburger1.co.il/#/HomePage in Google Chrome	The SVBurger home page opens on the Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label "Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.

2.4.2	Click on the "Sign In" button	The signing in page will open with the header "SVBurger" in the middle of the first row, below it we have the sign in form which contains the email textbox, the password textbox, "Forgot Password?" link and the "Sign in" button. And below this form we have the SVBURGER WEATHER from.
2.4.3	Fill the textbox with the text "Enter your email" with the email: svburger_web100@gmail.com	The email svburger_web100@gmail.com will appear in the textbox with the text "Enter your email".
2.4.4	Fill the textbox with the text "Enter your password" with the password: 1234567A	In the textbox with the text "Enter your password" a **8x** ● will appear.
2.4.5	Click on the "Sign in" button	The SVBurger menu opens with the 5 meals: - Combo Meal - Kids Meal - Burger - Vegan - Sides For each meal we will have a card which contains the meal description and the meal image and the price. Below the meals we have two buttons, a clickable "Log out" button and non-clickable "Reserve" button and below them we have the SVBURGER WEATHER form.
2.5	Func. → Login with 9 characters password	
2.5.1	Open the link https://svburger1.co.il/#/HomePage in Google Chrome	The SVBurger home page opens on the Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label "Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.
2.5.2	Click on the "Sign In" button	The signing in page will open with the header "SVBurger" in the middle of the first row, below it we have the sign in form which contains the email textbox, the password textbox, "Forgot Password?" link and the "Sign in" button. And below this form we have the SVBURGER WEATHER from.

2.5.3	Fill the textbox with the text "Enter your email" with the email: svburger_web200@gmail.com	The email svburger_web200@gmail.com will appear in the textbox with the text "Enter your email".
2.5.4	Fill the textbox with the text "Enter your password" with the password: 12345678A	In the textbox with the text "Enter your password" a **9x** ⬤ will appear.
2.5.5	Click on the "Sign in" button	The SVBurger menu opens with the 5 meals: - Combo Meal - Kids Meal - Burger - Vegan - Sides For each meal we will have a card which contains the meal description and the meal image and the price. Below the meals we have two buttons, a clickable "Log out" button and non-clickable "Reserve" button and below them we have the SVBURGER WEATHER form.
2.6	Func. → Login without entering password	
2.6.1	Open the link https://svburger1.co.il/#/HomePage in Google Chrome	The SVBurger home page opens on the Chrome browser with the header "SVBurger" in the middle of the first row, below the header we will have a welcome text and below the welcome text we will have a "Sign In" button and below this button we will have a "Sign Up" button. Below those elements we will have the SVBURGER WEATHER from with the label "Enter Location :" and a textbox with the default value Tel Aviv, a "Search" button below the textbox and a card which shows the regular condition in Tel Aviv, the condition at night, at day and a word which reflects the weather condition which will be shown all the time in the bottom part of the pages.
2.6.2	Click on the "Sign In" button	The signing in page will open with the header "SVBurger" in the middle of the first row, below it we have the sign in form which contains the email textbox, the password textbox, "Forgot Password?" link and the "Sign in" button. And below this form we have the SVBURGER WEATHER from.
2.6.3	Fill the textbox with the text "Enter your email" with the email: svburger_web@gmail.com	The email svburger_web@gmail.com will appear in the textbox with the text "Enter your email".
2.6.4	Click on the "Sign in" button	An error modal appears with the header: "svburger1.co,il says" and the text: "Failed to log in" and below the text we will have the button "OK"

2.7	Func. → Login with entering a wrong password
